Announcements

of forthcoming Sales by Auction appear
in the " Daily Telegraph " every Monday,
and in "The Times" every Tuesday.

PRICES ARE IMPROVING

Once again we are able to make this statement and to know that the prospects of maintaining this improvement are definitely good. As Auctioneers, selling every day household commodities of every sort from Articles of Fine Art to more mundane necessities, from the pictures on the wall, to the carpets on the floor, and the wines in the cellar, we are able to watch and check this very extensive market day by day.

The results of our Sales, our index-books and our graphs represent a sort of barometer which shows very accurately indeed the rise and fall of Domestic Commodity Values.

Once again we say—this means two things—firstly, prospective buyers should seize such advantages as they still can from a depressed but improving market. Secondly, anyone with goods to sell should step into the market now before the supply exceeds the demand, as it inevitably will eventually, and reap the benefits of the present improvement.
